1. EXECUTIVE SUMMARY

Introduction

The following is a brief summary only and is qualified in its entirety by the more detailed information appearing in the body of this Prospectus. Information in this executive summary is not intended to be exhaustive and should always be read in conjunction with the full text of this Prospectus. The information provided in this summary has been updated until and reflects the situation as per the date mentioned on the cover page of this Prospectus.

The Fund, Fund Manager and Legal Owner

The Fund shall predominantly invest in a concentrated portfolio of listed equity instruments issued by public companies around the world.

Privium Fund Management B.V. will act as the manager of the Fund and Stichting Juridisch Eigendom Knight Tech Fund will act as the legal owner of the assets and liabilities of the Fund. In managing the assets and liabilities of the Fund, the Fund Manager will act solely in the best interests of the Unitholders. The Legal Owner will be the legal owner of all assets of the Fund and liabilities of the Fund. The Legal Owner will acquire and hold the assets of the Fund and assume the obligations for the account and risk of the Unitholders. The Legal Owner will act solely in the best interests of the Unitholders.

Investment Objective and Policy

The Fund's objective is to achieve capital growth through the long-term equity ownership of several listed businesses. To achieve this objective, the investment policy of the Fund is to predominantly invest in a concentrated portfolio of listed equity instruments issued by public companies around the world which meet the Investment Criteria. It is expected that the Fund's portfolio will consist of 8 to 10 investments. The portfolio will be managed actively subject to the Fund's performance and risk objectives and the Investment Restrictions.

Legal Structure, Tax Aspects and Regulatory Position

Legal Structure

The Fund is a fund for joint account (*fonds voor gemene rekening*) organised and existing under the laws of the Netherlands. The Fund is not a legal entity (*rechtspersoon*) nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma* or *commanditaire vennootschap*), but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Unitholders separately, governing the assets and liabilities acquired or assumed by the Fund Manager or the Legal Owner for the account and risk of the Unitholders. The Fund has an open-end structure. The Fund is governed by the Terms and Conditions. The Terms and Conditions form part of the contractual relationship existing between the Fund Manager, the Legal Owner and each Unitholder (separately) originating from the execution of the Unitholder's Subscription Form. By executing the Subscription Form, a Unitholder represents and warrants to have reviewed the Terms and Conditions and agrees to be bound thereby.

A Unitholder is admitted to the Fund by the issuance of Units to the Unitholder. All Units provide exposure to the same Investment Objective and Investment Policy. The Fund shall have five (5) classes of Units:

1. General Class ;
2. Institutional Class A;
3. Institutional Class B;
4. Institutional Class C; and
5. Institutional Class D.

The Classes shall be (solely) issued based on the Total Subscription Amount. The Classes differ in respect of certain key terms (fee levels) as specified in this Prospectus. Units of different Classes are issued in Series to enable the computation of the Performance Fee, which may have different calculation starting moments due to the fact that Units may be issued on different moments in time. Accordingly, Units of a specific Series may have a different Net Asset Value per Unit compared to the Net Asset Value per Unit of another Series.

Tax Aspects

The Fund qualifies as a transparent or “closed” fund for joint account Dutch tax purposes, since Units can only be transferred to the Fund itself, as except for Permitted Transfers, a transfer of Units is not possible. Consequently, the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Unitholders and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund’s results are directly allocated to the individual Unitholders in accordance with the size (and, if applicable, the duration) of their pro rata investment.

Regulatory Position

The Fund Manager is in possession of an AFM license as referred to in article 2:65(1)(a) FSA and, as a consequence, may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and the DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Dutch AIFMD implementation schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

Fund Governance

The Fund Manager, the Legal Owner and Unitholders holding, in total, at least twenty-five per cent. (25%) of the outstanding Units, can call for a meeting of Unitholders.

Distribution Policy

Any distribution to Unitholders shall be published on the Website. Distributions of Net Proceeds will be made in cash, in Euro.

Minimum Investment, Subscriptions, Transfers and Redemptions

The minimum investment amounts per Unitholder differ per Class. See Section 13 of this Prospectus for the minimum investment amounts per Class.

Section 13 of this Prospectus contains the subscription procedures. The Fund Manager reserves the right to accept or reject any application in whole or in part at its absolute discretion.

A Unitholder cannot transfer its Units, except for Permitted Transfers (as defined in Section 13 of this Prospectus) but will be able to redeem its Units upon its request. The Fund Manager may suspend a redemption under certain conditions. Section 13 of this Prospectus contains the redemption procedures.

Website

The Fund Manager’s website address is www.priviumfund.com/funds.

5. THE ADMINISTRATOR

The Fund Manager has engaged Circle Investment Support Services B.V. to provide, subject to the overall direction of the Fund Manager, certain financial, accounting, administrative and other services to the Fund.

Pursuant to an agreement entered into between the Administrator and the Fund Manager (the “**Administration Agreement**”), the Administrator will be responsible, *inter alia*, for the following matters under the general supervision of the Fund Manager:

1. maintaining the Register;
2. the administrative processing of subscriptions and redemptions;
3. preparing and maintaining the Fund's financial and investment records and statements;
4. determining the Net Asset Value of the Fund and the Units on a periodic basis;
5. paying the fees and the costs;
6. performing know your customer and anti-money laundering procedures on (prospective) Unitholders; and
7. providing information to the Fund Manager to enable the Fund Manager to comply with financial and regulatory reporting obligations.

The Administrator shall not, in any way or at any time, be involved with any investment decision to be made on behalf of the Fund, nor with the execution thereof (all of which will be made by the Fund Manager), nor with the effect of such investment decisions on the performance of the Fund. Although the Administrator is responsible for the administration of the Fund, the Administrator shall have no obligation to review, monitor or otherwise ensure compliance by the Fund with the Investment Policy, any side letters, Investment Restrictions or guidelines or any other term or condition applicable to it. The Administrator is not involved directly or indirectly with the business affairs, organization, sponsorship or management of the Fund. The Administrator is a service provider to the Fund and is not responsible for the preparation of this Prospectus or the activities of the Fund and therefore accepts no responsibility for the accuracy or adequacy any information contained in this Prospectus. The Administrator is not responsible for any trading decisions of the Fund, the Fund Manager (or the monitoring thereof) nor any matter other than as specified in the Administration Agreement. The Administrator does not act as guarantor or offer or of the Units. The Administrator shall not be responsible for tax basis reporting to Unitholders.

In accordance with the Administration Agreement, the Administrator (including its directors, officers, employees, and agents) will not be liable to the Fund or its shareholders for, and will be indemnified against, any loss or damage suffered by the Fund or the Administrator in the absence of gross negligence, bad faith, wilful default, fraud or dishonesty of the Administrator. Moreover, as the Administrator is not responsible for the safekeeping or the custody of the Fund Assets, the Administrator will not be liable for any loss, liability, claim, demand or expense which may be suffered or incurred by the Fund to the extent that the loss, liability, claim, demand or expense was suffered or incurred by the acquisition and/or the custody of any unlisted security.

6. THE LEGAL OWNER

The appointment of a legal owner of fund's assets is mandatory under article 4:37j FSA in the case of a fund that is not a legal person. The Legal Owner is appointed to segregate the legal ownership of the Fund Assets from the Fund Manager in the interest of the Unitholders.

The Legal Owner itself:

1. is a legal person entrusted with the safekeeping of the Fund Assets;
2. is separate from the Fund Manager; and
3. shall only act in the interest of the Unitholders.

Stichting Juridisch Eigendom Knight Tech Fund, a foundation (*stichting*) incorporated under the laws of the Netherlands, having its official seat (*zetel*) in Maarsbergen and its principal offices at Woudenbergseweg 11 3953 ME Maarsbergen, the Netherlands, and registered with the Trade Register under number 76134482, will be the legal owner (*houder van de juridische eigendom van de activa van een beleggingsfonds*) of the Fund Assets within the meaning of article 4:37j FSA.

The obligations of the Legal Owner towards the Fund have been agreed between the Legal Owner and the Fund Manager on behalf of the Fund in an agreement. Subject to the terms of such agreement and the articles of association of the Legal Owner, the Fund Manager is entitled to replace the board of the Legal Owner at its sole discretion.

The key responsibilities of the Legal Owner are to:

1. hold, for the account and risk of the Unitholders, legal title to all assets and rights of the Fund;
2. as debtor, assume obligations and liabilities of the Fund; and
3. be the contracting entity in respect of all agreements entered into on behalf of the Fund.

The Legal Owner will do so at the instruction of the Fund Manager but will not engage itself actively in the management of the Fund.

The Legal Owner is only liable to the Unitholders for damage suffered by Unitholders if and insofar as that damage is the consequence of breach of its duties and responsibilities under the Prospectus and/or the Terms and Conditions that is attributable to it (*toerekenbare tekortkoming in de nakoming*).

The Legal Owner may also act as legal owner of the assets of other investment funds managed by the Fund Manager in accordance with article 4:37j FSA.

As the Legal Owner is not in any way affiliated to the Fund Manager, the independency of the Legal Owner vis-à-vis the Fund Manager is ensured.

7. THE DEPOSITARY

The appointment of an independent AIFMD-depositary (*bewaarder*) within the meaning of article 4:62m FSA is mandatory for an investment fund established in the Netherlands and managed by a licensed Dutch fund manager. The Depositary is appointed to provide the duties as set out in article 21 AIFMD to the Fund in the interest of the Unitholders.

The Depositary:

1. is a legal person entrusted with the AIFMD depositary duties;
2. is separate from the Fund Manager; and
3. shall only act in the interest of the Unitholders.

Darwin Depositary Services B.V., a limited liability company (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated and existing under the laws of the Netherlands, having its official seat (*zetel*) in Amsterdam and its registered office at Barbara Strozilaan 101, 1083HN Amsterdam, the Netherlands, and registered with the Trade Register under number 59855622 will be the depositary (*bewaarder*) of the Fund within the meaning of article 4:62m FSA. The Depositary holds a license from the AFM to act as a depositary for alternative investment funds in accordance with article 2:3g FSA.

Pursuant to the Depositary Agreement, the key responsibilities of the Depositary are to:

1. monitor the cash flows of the Fund (ensuring in particular that all payments made by or on behalf of Unitholders upon the subscription for Units have been received and that all cash of the Fund has been booked in cash accounts opened in the name of the Legal Owner acting on behalf of the Fund or in the name of the Fund Manager acting on behalf of the Fund or in the name of the Depositary acting on behalf of the Fund with the proper entity);
2. provide safe keeping of the assets of the Fund (i.e. custody for financial instruments that can be held in a financial instruments account or that can be physically delivered to the Depositary, and verification of the ownership by the Legal Owner of all other assets);
3. verify the compliance of the Fund Manager with the investment restrictions as set out in the Prospectus;
4. ensure that transactions involving the assets of the Fund, any consideration is remitted to the Fund within the usual time limits;
5. verify that appropriate procedures are established and applied for the valuation of the assets of the Fund; and
6. perform various oversight duties with regard to the issue and redemption of Units, remission of consideration for transactions by the Fund, application of income by the Fund.

The Depositary may delegate the safekeeping of financial instruments that can be held in custody in accordance with art 21(11) of the AIFMD to the Custodian. No conflicts of interest is expected to arise from such delegation, as there is no link between the Depositary and the Custodian which would give rise to any such conflict of interest.

The Depositary shall act solely in the interests of the Unitholders. The Depositary will not be exclusively dedicated to the Fund and may perform any other depositary duties for other funds or fund managers.

Powers of the Depositary

If the Depositary finds in the course of performing its duties that the provisions of the Prospectus are not being observed, the Depositary may instruct the Fund Manager to rectify the adverse consequences to the Fund. Unless the limitation of the Fund Manager's liability as stated in Section 6 of this Prospectus applies, the remedial costs involved, and any profits or losses made in the course of rectifying them, will be for the Fund Manager's account.

The Depositary must follow the Fund Manager's instructions unless they are contrary to the law or the Prospectus.

Depositary Agreement

The Fund Manager and Depositary have concluded a depositary agreement (the "**Depositary Agreement**") which sets out the Depositary's duties and how the Fund Manager is to enable the Depositary to duly perform the depositary's duties.

Depositary Liability

The Depositary shall only be liable towards the Fund or the Unitholders for a loss suffered by them resulting from:

1. loss of financial instruments in custody with the Depositary within the meaning of article 21(8)(a) AIFMD, unless the Depositary can demonstrate that such loss has arisen as a result of an external event beyond the Depositary's reasonable control, the consequence of which would have been unavoidable despite all reasonable efforts to the contrary; or
2. the Depositary's negligent or intentional failure to properly fulfil its obligations in accordance with article 21(12) AIFMD.

Subject to certain restrictions set forth in the Depositary Agreement and the Terms and Conditions, the Depositary will be indemnified out of the Fund Assets against liabilities and charges incurred in connection with the performance of its duties and services to the Fund.

The Depositary has in accordance with article 21(13) AIFMD transferred the liability for loss of financial instruments to the Custodian. This was explicitly agreed with the Fund Manager in a written custody agreement between the Depositary and the Custodian (the "**Custody Agreement**"). The Custodian accepts liability towards the Unitholders for loss of financial instruments the custody of which has been delegated by the Depositary to the Custodian in accordance with article 21(11) AIFMD. The Depositary, acting in its capacity as depositary of the Fund, and the Fund, or the Fund Manager acting on behalf of the Fund, are entitled to make a claim against the Custodian in respect of such loss by the Fund.

The Fund Manager reserves the right to, at its own discretion, but with due observance of any applicable terms of the Prospectus and the Depositary Agreement, terminate the Depositary Agreement provided that it appoints a substituting depositary to the Fund.

Board of the Depositary

The directors of the Depositary are Mr. P van Schaik and Mr F. Hand.

Resignation of the Depositary

If the Depositary announces that it wishes to cease acting as depositary, or if the Fund Manager finds that the Depositary is no longer able to perform the duties of the depositary, the Fund Manager will appoint a new depositary as soon as possible and prior to the Depositary actually ceasing its depositary activities for the Fund.

8. THE CUSTODIAN AND THE PRIME BROKER

The Depositary has delegated to BinckBank N.V. the safekeeping of the relevant Fund Assets pursuant to the Custody Agreement.

The Fund Manager has not engaged a prime broker for the Fund.

9. INDEPENDENT AUDITOR

Ernst & Young Accountants LLP has been appointed as independent auditor of the Fund. Ernst & Young Accountants LLP is a member of the Netherlands Institute of Chartered Accountants and is subject to AFM supervision pursuant to the Dutch Audit Firms (Supervision) Act (*Wet toezicht accountantsorganisaties*).

10. UNITS AND UNITHOLDERS

Units

Units represent the entitlement to the assets managed by the Fund Manager in accordance with the Investment Policy. The Units are nominal. The Fund does not issue participation certificates. The Fund has five (5) classes of Units:

1. General Class ;
2. Institutional Class A;
3. Institutional Class B;
4. Institutional Class C; and
5. Institutional Class D.

The Classes differ in respect of certain key terms (fee levels) as specified in this Prospectus. Units of different Classes shall be issued in Series, a separate Series on each subscription date. All Classes provide exposure to the same Investment Objective and Investment Policy. Units of different Classes are issued in Series to enable the computation of the Performance Fee, which may have different calculation starting moments due to the fact that Units may be issued on different moments in time. Accordingly, Units of a specific Series may have a different Net Asset Value per Unit compared to the Net asset Value per Unit of another Series.

The first Series is considered a lead Series. Units in a Series in which the Net Asset Value per Unit is higher than for a Unit in the lead Series may be converted by the Fund Manager at its sole discretion into Units in the lead Series from time to time. The conversion takes place at the Net Asset Values of the relevant Series and of the lead Series.

Unitholders

The Unitholders have financial entitlement to the Fund in proportion to the number of Units they hold. A Unitholder is beneficially entitled to the assets of the Fund taking into account: (i) the number of Units held by it versus the number of Units outstanding; (ii) the Series such Units form part of; and (iii) the applicable Class.

Without prejudice to liability of a Unitholder vis-à-vis the Fund, all the profits and losses associated with the Fund are to the benefit or detriment of the Unitholders proportionately as mentioned in the previous sentence.

The liability of a Unitholder vis-à-vis the Fund will be limited to the amount they paid into the Fund in return for the Units they hold, but notwithstanding its liability by virtue of the law and the Terms and Conditions for its default on any of its obligations under these Terms and Conditions and its Subscription Form. The Unitholders shall not be liable for the Fund Manager's obligations, the Legal Owner's obligations or the Fund Obligations.

Each Unitholder shall be bound by and subject to the Terms and Conditions by submitting a signed Subscription Form to the Fund Manager.

Meeting of Unitholders

(Prospective) Unitholders should realize that they are not permitted to engage in the investment operations of the Fund. Unitholders have certain information rights vis-à-vis the Fund Manager and the Legal Owner and can participate in the decision-making process related to certain key aspects of the organization of the Fund set forth in this Prospectus and the Terms and Conditions.

The Fund Manager, the Legal Owner and Unitholders holding, in total, at least twenty-five per cent. (25%) of the outstanding Units, can call for a meeting of Unitholders.

The Fund Manager will be responsible for convening Unitholders' meetings and confirming the agenda for the meeting. The invitation to the meeting will be sent no later than on the fifteenth (15th) day before that of the meeting. The issues to be discussed at the meeting will be mentioned in the notice.

Each Unitholder may cast one (1) vote per Unit. Blank votes will be deemed not to have been cast. Unless these conditions specify otherwise, all decisions by the Unitholders' meeting will be taken with an absolute majority of the votes linked to all the Units represented at the meeting. Abstentions and invalid votes will be considered as not having been cast. If the vote is tied, the chairman of the meeting will have the deciding vote.

A Unitholder may authorise (*volmachten*) another Unitholder or other person to attend a meeting of Unitholders (or participate in a meeting of Unitholders by telephone), to address the meeting and to vote at the meeting provided that the relevant power of attorney is validly set forth in a written document submitted prior to the meeting to the chairman of the meeting.

The Unitholders may also adopt resolutions outside a meeting, or in a meeting for which notice was given less than fourteen (14) calendar days prior to the meeting date, in which case resolutions shall be adopted in writing, provided that the proposed resolutions are submitted to all Unitholders and none of them objects to the proposed manner of adopting resolutions.

11. INVESTMENT OBJECTIVE, INVESTMENT POLICY, SUSTAINABILITY, AND RISK MANAGEMENT FRAMEWORK

Investment Objective

The Fund is a global investment fund. Its objective is to achieve capital growth through the long-term equity ownership of several listed businesses.

Investment Policy

To achieve the Investment Objective, the investment policy of the Fund is to predominantly invest in a concentrated portfolio of listed equity instruments issued by public companies around the world which meet the Investment Criteria. The portfolio will be managed actively subject to the Fund's performance and risk objectives and the Investment Restrictions.

Investment Criteria

The Fund's most important investment criteria shall be:

1. the Fund will mostly invest directly into listed equity;
2. short selling shall not be part of the investment policy but can be practiced opportunistically or for the purpose of protecting the assets of the Fund;
3. currency exposure may be hedged but is usually not hedged. The Fund may hold any cash in interest-bearing cash accounts pending the selection of suitable investments;
4. the Fund shall diversify its portfolio by investing globally in various asset classes clustered in two main compartments:
 - I. cash, consisting of:
 - a. current accounts, including cash equivalents such as time deposits and money market funds;
 - b. bank deposits; and
 - II. equity, consisting of:
 - a. listed global equities;
 - b. unlisted equities (up to 20% of the Net Asset Value of the Fund). This is calculated with reference to the cost price of the shares when acquired. Investments in Special Purpose Vehicles (SPV) may be used to make an investment in an unlisted company.

The Fund has a concentrated portfolio and single stock concentrations are likely to be significantly higher than would be the case at almost all other investment funds. Generally, it is expected that the portfolio will consist of 8 to 10 equity investments.

The Fund Manager may only deviate from these provisions and change the Investment Policy by amending this Prospectus and the Terms and Conditions in the way set forth in this Prospectus and the Terms and Conditions.

Leverage

The Fund may make use of leverage by attracting debt funding up to twenty per cent. (20%) of the Net Asset Value of the Fund. The Fund may use leverage at any time in order to seek an increase in the performance of the Fund. The Fund may obtain this leverage from its broker/custodian. The Fund may collateralize the Fund's assets in connection with such leverage. The associated risks of using leverage are included in Section 12 of this Prospectus. The Fund Assets may be pledged to borrow against the Fund Assets. The Fund Manager is not allowed to lend any of the Fund Assets to a third party.

Investment Restrictions:

The Fund will adhere to the following restrictions in executing its Investment Policy:

1. the amount of the Net Asset Value of the Fund invested in one single publicly listed company may not exceed twenty-five per cent. (25%) of the Net Asset Value of the Fund calculated with reference to the cost price of the shares when acquired;
2. investments shall only be made in listed equities and a maximum of 20% of the Net Asset Value of the Fund may be invested (calculated with reference to the cost price of the shares when acquired) in unlisted securities in the secondary market that are expected to list on a stock exchange in the near future. Investments in Special Purpose Vehicles (SPV) may be used to make an investment in an unlisted company;
3. the maximum number of investments in the Fund will be 12;
4. borrowed money from the broker/custodian may not exceed twenty per cent. (20%) of the Net Asset Value of the Fund.

Sustainability

The Fund does not promote environmental and/or social characteristics, nor does it have sustainable investment as its objective. In the context of the Sustainable Finance Disclosure Regulation (SFDR), the Fund is therefore not classified as either an 'Article 8' or 'Article 9' Fund. However, in compliance with the SFDR, the Fund Manager does consider the material adverse impacts of an ESG related event on the value of the Fund's investments.

Sustainability risk are categorized into Environmental, Social or Governance (ESG) issues and may pose a material risk to the value of an investment. Some examples of possible material environmental risks are:

- Increased taxation on environmentally damaging activities;
- Damage to production facilities due to global warming induced flooding;
- Fines for mishandling of hazardous waste.

Some examples of social sustainability risks are:

- Negative publicity and loss of contracts after poor handling of digital client data or security;
- Closer scrutiny of labor rights in the supply chain;
- Dishonest marketing practices or product safety.

Some examples of governance risks are:

- Increasing scrutiny on livable wages and earnings dispersion within a company
- Ethics bribery and corruption
- Anti-competitive behaviour

Policy on the integration of sustainability risks into investment decisions:

Not all sustainability risks may have a material negative effect on the value of an investment. Also, the relevancy of each sustainability risk may differ based on the economic sector or geographical location the investment is active in. Therefore, the Fund applies research that has been conducted by the Sustainability Accounting Standards Board (SASB) to determine which sustainability risks are material to consider in the investment decision making process.

SASB has identified more than 25 sustainability risks divided across the ESG topics. Dependent on the economic sector the investment is active in, these risks are marked either 1) not material, 2) not likely material, 3) likely material. For a risk to be classified as likely material, SASB has found that for over 50% of the companies active in that sector, the risk has a significant impact on the financial position or operational activities. In each investment decision the relevant material sustainability risks are investigated using the following focus points:

- Sector impact: Understanding how material sustainability risks affect the sector informs an understanding of the effect on the investment and helps to recognize leaders and laggards.
- Policy and practices: Investigating if relevant sustainability risks to the investment are well covered by policies informs if all risks are sufficiently in scope and in control. If so, then the value of the investment may be less sensitive to the relevant sustainability risk than its peers.
- Incidents: If the sector or the investment experienced significant incidents regarding the relevant sustainability risk recently, this may inform the understanding of both the frequency of it occurring, as well as the investments readiness and quality of response. Better preparedness and a strong response mean the value of the investment may be less sensitive to the relevant sustainability risk than its peers.

This analysis will provide a low, average or high estimated sensitivity of the value of the investment to material sustainability risks and informs the investment decision making process. A high sensitivity does not

automatically disqualify an investment from inclusion in the Fund but does prompt closer monitoring in the risk management processes of the Fund Manager.

Voting in meetings of shareholders of companies in which the Fund invests

The Fund Manager shall have at its disposal the shares and the voting rights attached thereto that the Legal Owner holds. In principle, the Fund Manager will use the voting rights attached to the shares held by the Fund. The Fund Manager will use these voting rights in such manner that can be conducive to realizing the Fund's Investment Objective. There is no obligation for the Fund Manager to use its voting rights.

Risk Management Framework

Under the AIFMD, the Fund Manager is required to establish and maintain a permanent risk management function. This function should have a primary role in shaping the risk policy of each AIF under management by the Fund Manager, risk monitoring and risk measuring in order to ensure that the risk level complies on an ongoing basis with the AIF's risk profile.

The risk management function performs the following roles:

1. implement effective risk management policies and procedures in order to identify, measure, manage and monitor risks;
2. ensure that the risk profile of an AIF is consistent with the risk limits set for the AIF;
3. monitor compliance with risk limits; and
4. provide regular updates to senior management concerning:
 - a. the consistency of stated profile versus risk limits;
 - b. the adequacy and effectiveness of the risk management process; and
 - c. the current level of risk of each AIF and any actual or foreseeable breaches of risk limits.

To identify the risk profile and main risks, and ensure the right measurement, management and monitoring of these risks, the Fund Manager has a rigid risk onboarding process. It ensures that the investment process is properly documented and the product itself is properly reviewed.

As described by the AIFMD, quantitative risk limits are, where possible, constructed for various risk categories: market risk, liquidity risk, credit risk, counterparty risk and operational risk. These risk limits should be in agreement with the risk profile of the Fund.

The risk management function is fully independent from the portfolio management function of the Fund Manager. The risk manager has full authority to close positions or the authorization to instruct the closing of positions on its behalf in case of a risk breach.

To ensure that all risk management tasks are executed correctly and timely, the Fund Manager uses an automated system (the “**CM System**”) that registers all risk tasks, keeps a list of all pending risk tasks, and escalates risk tasks that have not been executed or report a violation of a risk rule. The CM System produces an audit log that can be verified by the internal auditor, the external auditor, the management board, the regulator or other stakeholders. Not all risk variables have limits but to identify any new relevant risks, every variable that is reported in the CM System flows through a sanity check. The sanity check will raise an exception if the variable falls outside its “normal” boundaries. The risk manager is notified of these exceptions and will make an assessment whether the situation is stable or whether further escalation is needed.

The positions of the Fund are administered and reconciled using Arbor Financial Services and risk reports such as Value at Risk and Stress Scenarios are run using Bloomberg.

The Fund Manager uses an API-based system in which positions and/or risk exposures are synced from the Portfolio Manager's Excel (or alternative software) to a central database.

The CM System is responsible for monitoring of the pre-defined risk limits. The limits can either be configured as notification limits, soft limits or hard limits. In case of a breach of any of the limits, the escalation procedures are followed as described in the Risk Management Procedures (Annex 17) of the 'Privium Handbook'.

The reoccurring risk tasks are:

1. weekly risk report by risk management, including *Value at Risk*;
2. monthly reporting by portfolio management;
3. quarterly operational risk management; and
4. monthly stress scenarios, whereby extra stress scenarios can be done on an ad hoc basis.

The Fund Manager also employs an appropriate liquidity risk policy and has adopted procedures which enable it to monitor the liquidity risk of the Fund. In particular, the Fund Manager can restrict redemptions on certain conditions as further described in Section 13 of this Prospectus.

As and when relevant, the Fund Manager shall quarterly disclose the following to the Unitholders:

1. the percentage of the Fund Assets which are subject to special arrangements arising from their illiquid nature;
2. any new arrangements for managing the liquidity of the Fund; and
3. the risk profile of the Fund and the risk management systems employed by the Fund Manager to manage those risks.

The Fund Manager has established a risk control framework. During the monthly risk meetings all relevant developments regarding risk management at the level of the investment funds under management by the Fund Manager, including the Fund, and the Fund Manager itself are being discussed.

On a monthly basis the Risk Committee of the Fund Manager meets to discuss the performances and risks of the Fund. Any breaches are discussed. On a yearly basis a risk evaluation and product review is being conducted.

12. RISK PROFILE

An investment in the Fund carries a high degree of risk. There can be no assurance that the Fund will achieve its Fund Objective or that the investments of the Fund will be successful. The value of the Fund's investments and the Units may fall as well as rise and returns on past investments are no guarantee as to the returns on future investments. Accordingly, Unitholders may lose all or part of their investment in the Fund. An investment in the Fund requires the financial ability and willingness to accept for an indefinite period of time the risk and lack of liquidity inherent in the Fund.

Potential investors should consider, among others, the non-exhaustive list of main risk types set forth below, review this Prospectus and its ancillary documents carefully and in their entirety, consult with their professional advisors and conduct and subsequently rely upon their own investigation of risk factors associated with the proposed investment in the Fund. Potential investors should realize that the existence and occurrence of certain risks may contribute to the existence and occurrence of other risks.

The risk factors below are not exhaustive and do not purport to be a complete explanation of all the risks and considerations involved in investing in the Fund. In particular, the Fund's performance may be affected by changes in market conditions, and legal, regulatory and tax requirements. The Fund will be responsible for paying the fees, charges and expenses referred to in this document regardless of the level of profitability. Potential investors who are in any doubt as to the risks involved in investing in the Fund are recommended to obtain independent financial advice before making an investment.

Risks of a general economic and political nature

The Net Asset Value of the Fund is subject to change as a result of various factors, such as movements in interest and foreign exchange rates, inflation and deflation, economic, political and business developments (or, in the business sector, bankruptcies and other risks pertaining to trade debtors), the passage of time and sudden material changes in supply or demand on the financial markets.

Disaster risks

The NAV can fluctuate as a result of general economic instability, political and geopolitical conflict, pandemics and terrorism.

Price risks

Investing in Units involves financial risks. Investors need to realize that the listed price of any securities in which the Fund acquires a position can fluctuate. Stock markets have generated favourable returns in the past. However, this is no indication or guarantee of the future. Because of variations in prices the Fund's NAV is also susceptible to fluctuation, which can mean that Unitholders might not receive the full value of their investments when they withdraw from the Fund.

Historical relationships and correlations

The optimization of the Fund's portfolio is based on historical relationships (correlations) that have been shown to exist among various asset classes and indices. These historical relationships can change, as can correlations in times of profound market tension. Larger variations in earnings, both positive and negative, can occur as a result of the above conditions.

Liquidity risk

The Fund may invest in listed and unlisted securities which can be illiquid and can apply a lock-up for their investors. This might have a pricing and liquidity effect on the Fund and might ultimately lead to a slower redemption process for investors in the Fund.

Valuation Risk

The Fund may invest a small portion of its assets in securities of un-quoted less established companies. Such investments may involve greater risks than generally associated with investments in more established companies. Additionally, the value of such investment may be hard to determine until these investments become listed.

Leverage

The Fund may, but does not intend to on a systematic basis as a means of enhancing performance, employ leverage in connection with its investment strategies and/or for any other purpose deemed necessary, desirable or appropriate at such times, in such amounts and subject to such terms and conditions as the Fund Manager may determine in its sole and absolute discretion. The use of leverage increases both the possibility for gain and the risk of loss. Leverage employed by the Fund may be secured by the assets of the Fund. Under certain circumstances, a lender may demand an increase in the collateral that secures such obligations, and if the Fund is unable to provide additional collateral, the lender could liquidate assets of the Fund to satisfy such obligations. Liquidation in that manner could have extremely adverse consequences. In addition, the amount of the Fund's borrowing and the interest rates on that borrowing, both of which will fluctuate, may have an effect on the Fund's profitability.

Performance risks

The Fund is seeking to achieve a return of 15-20% on an annual basis after the deduction of expenses. However, there is absolutely no guarantee that it will achieve the target yield it seeks. In addition to receiving a management fee, the Fund Manager can also receive a performance fee. This can act as an incentive for the Fund Manager to take greater risks when selecting positions than if there were no such fee.

Track record risks

The Fund has an established a track record. However, this track record is no guarantee of future earnings.

Cash flow risks

The Fund offers a limited opportunity for withdrawal. Unitholders can redeem some or all of their Units up to twenty (20) Business Days before the desired Transaction Date (end of each calendar month).

Limited Rights of Unitholders

The Fund Manager has exclusive authority for managing all operations of the Fund. Unitholders cannot exercise any management or control functions with respect to the Fund's operations, although they have limited voting rights in certain organizational respects as set forth in the Terms and Conditions.

Inflation risk

There may be a risk that the purchasing power of the amount invested by the Unitholder in the Fund decreases as a result of inflation.

Concentration risk

Because of the concentrated portfolio of investments the Fund Manager intends to invest in, there may be stronger fluctuations in the Net Asset Value of the Fund in case one or more particular investments by the Fund would decrease in value, than it would normally be the case if the investments were more spread. As a result of the Investment Policy, the returns of the Fund can deviate significantly from the returns of a world equity index. As a consequence thereof, specific risks arise that are reflected in differences in performance between the Fund and the global equity indices, positively and negatively.

Cyber security risk

The Unitholders are exposed to the risk of a cyber-attack or data breach at the level of the Fund Manager or at the level of the service providers. The Fund Manager and service providers have implemented measures to mitigate this risk as much as possible.

Foreign exchange risks

The Fund will usually not hedge its foreign exchange positions. Investments in currencies other than the euro will therefore cause fluctuations, both positive and negative.

Risks pertaining to the amendment of legislation or regulations (tax or otherwise)

The manner in which the Fund is treated for tax or financial markets regulatory purposes might change for the worse, or legislation might be enacted that could have a negative impact on the Fund and the Unitholders. Regulations are susceptible to amendment, and any such occurrence could keep the Fund from achieving its investment objective.

Credit risks

The Fund Manager will use the services of custodian banks. Holding a non-segregated account with such custodians can lead to the loss of all or part of any investments in the event of bankruptcy.

Counterparty risks

Transactions entered into by the Fund will be settled with counterparties, whether or not they are subject to supervision. In the event that insolvency or similar circumstances prevents one of these parties from executing or settling transactions within the applicable period, this could have a negative impact on the Fund's performance.

Regulatory supervision and compliance risk

The regulatory rules keep evolving and changes therein may adversely affect the functioning of the Fund and/or the Fund Manager's ability to pursue the investment policy for the Fund.

Unclear rules and regulations and conflicting advice may result in a breach of rules and regulations applicable to the Fund, Resulting fines and other sanctions and possible damage to the reputation of the Fund, the Fund Manager and other connected persons may result in a negative impact on the Net Asset Value of the Fund and the Units.

Operational risk

There is a risk that the internal processes, people and systems of the Fund Manager fail, which may have a negative effect on the business continuity of the Fund Manager and its ability to pursue the investment policy.

Sustainability risk

Sustainability risk in the context of the Fund is defined as the risk of a decrease in the value of an investment of the Fund due to an environmental, social or governance (ESG) related event. Such an event may have a direct impact on the financials of the investment or a longer-term impact on the operations or earnings capacity of the investment. The Fund has identified multiple sustainability risks which may impact the value of its investments to a varying degree.

13. PARTICIPATION IN THE FUND, SUBSCRIPTION AND REDEMPTION

Subscription

For all Units except for General Class Units, the Fund will issue Units on each Transaction Date at the Unit NAV. The Fund will issue General Class Units on each Transaction Date at the Unit NAV plus a subscription fee of one thousand Euros (EUR 1,000). The start NAV of General Class Units was one hundred Euros (EUR 100). The NAV at the start of the other Classes shall be one hundred Euros (EUR 100).

The Fund Manager may, at its own discretion, suspend the allocation of Units in any of the circumstances referred to in Article 10 of the Terms and Conditions, as well as in any circumstances extraordinary enough to justify this. Such extraordinary circumstances can include but are not limited to:

1. a reasonable expectation that the allocation of Units will disproportionately prejudice the interests of the majority of the existing Unitholders; or,
2. the fact that the investment of the amount to be received following the allocation of Units would be imprudent or impossible in view of the prevailing market conditions. The Fund Manager will give notice of a suspension of the allocation of Units within a reasonable period of time.

Units will be issued against payment of the Total Subscription Amount. Fractions of Units may be issued up to four decimal positions.

The Administrator will send the Unitholder a confirmation of the allocated number of Units (accurate to four decimal points).

Subscription Procedure

- *Classes*

The Classes shall be (solely) issued based on the Total Subscription Amount.

Applications for Units of the following Classes can be made:

Class	For Unitholders investing:
General Class	: at least EUR 101,000
Institutional Class A	: at least EUR 10,000,000
Institutional Class B	: at least EUR 20,000,000
Institutional Class C	: at least EUR 30,000,000
Institutional Class D	: at least EUR 50,000,000

- *Submission Subscription Form*

A Subscription Form must reach the Fund Manager and the Administrator no later than five (5) Business Days prior to the desired Transaction Date. A Subscription Form must mention the amount in Euros for which such allocation is being requested.

- *Subscription Form on Website*

For subscription, the Subscription Form must be used. This form can be downloaded from the Website.

- *Payment subscription amount*

Payment of the Total Subscription Amount must be received in Euro, on the account of the Legal Owner with ABN AMRO Bank, account number NL09 ABNA 0889 5210 50 in the name of Stichting Juridisch Eigendom Knight Tech Fund, Amsterdam, with reference "Knight Tech Fund", at the latest on the second (2nd) Business Day prior to the relevant Transaction Date. Payment of the Total Subscription Amount will further need to be made in accordance with instructions in the Subscription Form. If either: (i) the relevant completed and signed Subscription Form; or (ii) payment of the Total Subscription Amount, have not been received timely, the application shall be held over until the following subscription date, in which case the relevant Units will then be issued at the Unit NAV on the last Business Day prior to that Transaction Date.

No interest will be paid over the subscription amount for the period between the payment of the subscription amount and the issuance of Units. The interest which is accrued is for the benefit of the Fund.

- *Right to reject subscription*

The Fund Manager reserves the right to accept or reject any application in whole or in part at its absolute discretion. When an application is rejected, the amount paid at subscription or the balance thereof (as the case may be) will be returned (without interest) as soon as practicable.

- *Subscription irrevocable*

Completed applications are irrevocable once received by the Fund Manager. Upon issuance of the Units in satisfaction of an application, the Fund Manager will confirm the number and value of the Units so issued once the Unit NAV has been calculated.

- *Other subscription date*

Under exceptional circumstances and only in the interest of the Unitholders, the subscription date may be a different day than a Transaction Date. In that case, the Unitholders concerned will be notified by e-mail.

- *Prevention of Money Laundering and Financing of Terrorism*

Measures aimed at the prevention of money laundering and financing of terrorism will require each applicant for Units to evidence its identity to the Administrator (“**KYC requirements**”). The procedure used by the Administrator is compliant with the Dutch Act on the Prevention of Money Laundering and Financing of Terrorism (*Wet ter voorkoming van witwassen en financieren van terrorisme*), as amended from time to time.

The Administrator reserves the right to request such other information as is necessary to verify the identity of an applicant. Pending the provision of evidence satisfactory to the Administrator as to the identity, the evidence of title in respect of interests may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as mentioned above, the Fund Manager may, in its absolute discretion, refuse to allot the Units applied for in which event the subscription proceeds will be returned without interest and/or less any other costs incurred by the Fund relating to the transaction of the applicant to the account from which such proceeds were originally debited.

In the event that changes in KYC Requirements occur either in policy or in legislation after the Units have been allotted, Unitholders will be obliged to provide additional documentation to satisfy such changed requirements within a reasonable period of time following a request for such additional documentation. Any Unitholder who does not or cannot provide the additional documentation may be forcibly redeemed from the Fund in accordance with the mandatory redemption provisions as set forth above.

The Total Subscription Amount will be at risk once it has been invested in the Fund. An Investor's failure to comply with applicable KYC Requirements may result in the return of an amount lower than the invested amount.

- *Form of Units*

All Units will be in registered form. Certificates representing Units will not be issued.

Transfer

Units are not listed on a regulated stock exchange nor does the intention exist to apply for such listing in the foreseeable future. No developed unregulated market for Units exists and no party has been instructed by the Fund or the Fund Manager to maintain a market for Units.

A Unitholder cannot transfer its Units, except if such Units are transferred to relatives in the straight line (a “**Permitted Transfer**”). Any such Permitted Transfer requires the prior written approval of the Fund Manager. For the avoidance of doubt, in case a Unitholder holds Units for a beneficial owner pursuant to a custody relationship between such Unitholder and the beneficial owner, a change of custodian by such beneficial owner shall be subject to a prior approval of the Fund Manager, but shall not be deemed a transfer for the purpose of the transfer restrictions under this Prospectus and the Terms and Conditions.

Fair treatment

All Unitholders shall be treated fairly by the Fund Manager. Each Unit represents an equal interest in the Net Asset Value without priority or preference of one over the other. The Fund has six (6) classes of Units. All

Classes provide exposure to the same Investment Objective and Investment Policy. The Classes only differ in respect of certain key terms (fee levels) as specified in this Prospectus.

Redemption

Unitholders may have their Units redeemed by the Fund. The Fund aims to only work with investors who share the long-term philosophy of the Fund Manager. To ensure potential investors think seriously about their investment horizon, redemption fees apply to redemptions of Units of all Classes within three (3) years of investing.

The early redemption fee decreases on a linear basis over thirty-six (36) months of investing from three per cent. (3%) to zero per cent. (0%).

Redemption is possible at the first (1st) Business Day of each calendar month. Unitholders should send a completed redemption notice to the Fund Manager and the Administrator at least twenty (20) Business Days before the desired Transaction Date. If the Investor fails to do a timely redemption request, then the redemption will be postponed until the following Transaction Date. The Fund Manager may decide, in its absolute discretion, to shorten this period between receiving a redemption notice and the Transaction Date, but the request needs to be received by the Fund Manager and the Administrator at least one business day before the Transaction Date, in all cases.

On each Transaction Date the Fund will redeem Units at the Unit NAV on the Business Date preceding such Transaction Date (possibly less a redemption charge).

On each Transaction Date the Fund will, if so requested by a Unitholder, redeem Units at the Net Asset Value of the Unit at the end of the Business Day preceding that on which redemption takes place, minus a possible redemption charge of maximum three per cent. (3%). The full redemption fee is for the benefit of the Fund Manager. Given the fact that the Fund is investing on the basis of fundamentals and the potential of companies and not betting on a short-term direction of a stock price, a redemption charge will be charged to the Unitholders upon a redemption within 3 years after Units in the Fund have been received in order to discourage a short term investment.

The Fund Manager reserves the right to restrict redemption of Units on a Transaction Date to Units representing up to five per cent. (5%) of the Fund's Net Asset Value. In the event redemption requests exceeding that amount are received, the number of Units redeemed per redeeming Unitholder will be pro-rated accordingly. Any remaining Units offered for redemption will receive preferential treatment over subsequent redemption requests at the next following Transaction Dates, in which case redemption will take place against the Unit NAV on the Business Day preceding that Transaction Date.

The minimum redemption amount is EUR 10,000. The Fund Manager may decide, but is not obliged, to lower this amount in individual cases.

Redemption Procedure

- *Submission redemption request*

Unitholders should send a completed redemption notice to be received by the Fund Manager and the Administrator twenty (20) Business Days before the desired Transaction Date, failing which the redemption request will be held over until the following Transaction Date. The Fund Manager may decide in its sole discretion to shorten the period between receiving a redemption notice and the Transaction Date, but the request needs to be received by the Fund Manager and the Administrator one business day before the Transaction Date, in all cases.

- *Redemption notice on Website*

A template redemption notice is available on the Website.

- *Redemption not guaranteed*

The Fund Manager will use its best efforts to comply with a request for redemption, but redemption cannot be fully guaranteed given the nature of the Fund's investments.

- *Minimum investment after redemption*

Redemptions will be rejected if the redemption of Units would result in a Unitholder holding Units with an aggregate value of less than one hundred thousand Euros (EUR 100,000). In the event a Unitholder wishes to redeem Units that would result in the Unitholder holding Units with an aggregate value of EUR 100,000 or less, the only option available to the Unitholder is to redeem its entire holding in the Fund.

- *Class after redemption*

In the event a Unitholder wishes to redeem Units that would result in the Unitholder holding Units with an aggregate value less than the amount needed to qualify for a certain qualifying Class, the Unitholder will (subject to the absolute discretion of the Fund Manager) be transferred to the then applicable Class at the next Transaction Date.

- *Redemption request irrevocable*

A redemption request (through submission of a redemption notice), once made, is irrevocable, unless the redemption request is revoked with the consent of the Fund Manager (which consent may be withheld).

- *Other redemption date*

Under exceptional circumstances, in the interest of the Unitholders, the redemption date may be a different day than a Transaction Date. In that case the Unitholders concerned will be notified by mail of the change of the Transaction Date.

- *Payment redemption amount*

Payment of the redemption amount (adjusted with a redemption fee if applicable) will normally be made within ten Business Days after the date on which the Net Asset Value has been calculated. Redemption payments will be made to the account of the Unitholder listed in the Register. The Fund will pay no interest over the period between the Transaction Date and the date on which payment is made.

- *Suspension of redemption*

The Fund Manager may suspend redemption of Units if:

- a. the calculation of the Net Asset Value is suspended (see also the suspension of the valuation);
- b. the relevant exchanges are not open for business or the sale of Fund Assets is otherwise restricted or suspended;
- c. the Fund Manager believes in its sole discretion that redemption would be contrary to a legal provision;
- d. the total amount of the redemption requests would exceed five per cent. (5%) per Transaction Date of the Net Asset Value of the Fund. The Fund Manager's aim is to avoid any suspension of redemptions and has the flexibility to accommodate redemption requests that exceed five per cent. (5%) per Transaction Date; or

e. the Fund Manager believes in its sole discretion that the redemption of Units could lead to disproportional damage to the interests of the majority of the existing Unitholders. Such an occasion might be the necessary sale of investments to allow redemption, taking market conditions into account, which would be irresponsible towards the remaining Unitholders or impossible.

- *Sufficient safeguards for fulfilment of obligations following redemption*

The Fund Assets will mostly be sufficiently liquid to, under normal circumstances, allow the Fund to redeem Units as requested by its Unitholders for at least ten per cent. (10%) of the assets managed. The exception will be in case of statutory provisions prohibiting the redemption, or when redemption has been suspended as foreseen in this Prospectus.

If, due to unforeseen circumstances, normal liquidity conditions do not apply, the Fund could face liquidity issues. This could imply that financial instruments cannot be sold or bought under normal market conditions, leading to significant direct and indirect transaction costs. It may also mean that positions cannot be sold at the anticipated price as established and deemed to be the fair value at the date of deciding to liquidate/sell those positions.

- *Unilateral decision to redemption (mandatory redemptions)*

The Fund Manager and the Legal Owner shall be entitled to redeem all (but not part of) the Units of any Unitholder if:

- a. the Unitholder is dissolved, becomes insolvent, is unable to pay its debts, institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy, any other relief under any bankruptcy, insolvency or similar law;
- b. in the Fund Manager's reasonable opinion the tax position of the Legal Owner, the Fund or any of the other Unitholders is or will become negatively affected due to the tax status or position or any change therein of the relevant Unitholder or any other circumstance concerning such Unitholder; or
- c. for whatever reason, the continuation of the relationship cannot reasonably be expected from the Fund Manager and/or Legal Owner.

- *KYC Requirements*

In the case the Administrator has not received all the requested KYC Requirements, even though the redemption request will be processed, redemption proceeds will be held in the name of the redeeming Unitholder at the Fund's bank account without any interest accruing in favour of the Unitholder and the Unitholder will bear all associated risks until such time as the Administrator receives the outstanding KYC Requirements.

14. NET ASSET VALUE

Bi-monthly calculation by the Administrator

The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator. The Net Asset Value of the Fund, the Net Asset Value per Series and the Net Asset Value per Unit in Euro will be calculated by the Administrator and determined by the Fund Manager on the last Business Day prior to the first (1st) and the fifteenth (15th) day of each calendar month or, if such day is not a Business Day, the following Business Day. This will be based on the closing market prices on the Valuation Day.

Prepaid expenses, accrued (but not paid) expenses, a reservation for the Performance Fee, and other fees shall also be taken into account. The Net Asset Value and the Unit NAV will be communicated to investors every month.

Valuation methods

The assets of the Fund will be valued in accordance with Dutch GAAP and, where more specific, the following valuation methods:

1. any security which is listed or quoted on any securities exchange or similar electronic system and regularly traded thereon will be valued at its last traded price on the relevant Business Day or, if no trades occurred on such day, at the closing bid price, as at the relevant Business Day, and as adjusted in such manner as the Administrator, in its sole discretion, thinks fit, having regard to the size of the holding; where prices are available on more than one exchange or system for a particular security the price will be the last traded price or closing bid or offer price, as the case may be, on the exchange which constitutes the main market for such security or the one which the Administrator in its sole discretion determine provides the fairest criteria in ascribing a value to such security;
2. investments, other than securities, which are dealt in or traded through a clearing firm or an exchange or through a financial institution will be valued by reference to the most recent official settlement price quoted by that clearing house, exchange or financial institution; if there is no such price, then the average will be taken between the lowest offer price and the highest bid price at the close of business on any market on which such investments are or can be dealt in or traded, provided that where such investments are dealt in or traded on more than one market, the Administrator may determine at its discretion which market shall prevail;
3. any security which is neither listed nor quoted on any securities exchange or similar electronic system or if, being so listed or quoted, is not regularly traded thereon or in respect of which no prices as described above are available, will be valued at its fair market value. Any cost price that will used as fair market value will be based on the value of the recent funding round;
4. investments, other than securities, which are not dealt in or traded through a clearing firm or an exchange or through a financial institution will be valued on the basis of the latest available valuation provided by the relevant counterparty;
5. deposits will be valued at their cost-plus accrued interest;
6. all other Fund Assets and Fund Obligations shall be valued on the basis of current fair value, subject to the most recent market quotations and customary valuation methods that apply for the relevant Fund Asset or Fund Obligation; and
7. any value (whether of an investment or cash) otherwise than in Euros will be converted into Euros at the rate (whether official or otherwise) which the Administrator in its absolute discretion deems applicable as at close of business on the relevant Business Day, having regard, among other things, to any premium or discount which they considers may be relevant and to costs of exchange.

Valuation Committee

The Fund Manager has installed a Valuation Committee. This committee is end responsible for valuations and issues regarding valuations. This task is clearly separated from responsibilities of the Portfolio Managers.

The Valuation Committee will also periodically review the valuation methodology, its process and its procedures to ensure that all assets held by the Fund are fairly and appropriately valued. The review shall be carried out at least annually.

Errors in calculation

In case of errors in the calculation of the Net Asset Value, the Fund Manager will as soon as possible prepare a report on the errors that were made and which correction will need to be made to the Net Asset Value. If a correction is required of more than zero point five per cent. (0.5%) of the Net Asset Value, and a Unitholder incurred a loss by an allocation or redemption against the erroneously calculated Net Asset Value, the Fund

will at the request of such Unitholder provide compensation (in cash or in Units) for the relevant Unitholder for the actual loss incurred. The compensation will be paid out of the Fund Assets.

Suspension of Valuation

The Fund Manager may declare a suspension of the determination of the Net Asset Value for the whole or part of any period during which:

1. any exchange on which a substantial part of investments owned by the Fund are traded is closed, otherwise than for ordinary holidays, or dealings thereon are restricted or suspended;
2. there exists any state of affairs which constitutes a state of emergency in any jurisdiction or region as a result of which the sale of the Fund's investments would, in the sole opinion of the Fund Manager, not be practical or impossible or would negatively affect the rights of Unitholders; or
3. other circumstances prevent an (adequate) determination thereof.

Latest Net Asset Value

The Fund Manager shall after each Valuation Date without delay publish the Net Asset Value, the Net Asset Value per Class and the Net Asset Value per Unit as per such Valuation Date on the Fund Manager's Website. Relevant data are incorporated in the monthly fact sheet.

Historical Performance

The historical performance of the Fund is published on the Website. Relevant data are incorporated in the monthly fact sheet.

15. DISTRIBUTION POLICY

Unless the Fund Manager decides otherwise, income and gains of the Fund will not be distributed but re-invested. In the event a distribution is made, this will be done pro rata to the number of Units held by each Unitholder and the Unitholders will be notified in writing and the distribution will be announced on the Website, including the amount, composition and manner of payment.

16. FEES, COSTS AND EXPENSES

Fees borne by individual Unitholders

Subscription fee

A subscription fee of one thousand Euros (EUR 1,000) shall be charged for subscriptions for General Class Units. This subscription fee shall be deducted from the relevant subscription amount. This fee is for the benefit of the Fund Manager and may be used to cover expenses like, among potential other expenses, any administrative expenses at the level of the Fund Manager, any marketing expenses and/or any placement agent fees following the issue.

Redemption fee

A redemption fee shall be charged in case of redemptions of Units within thirty six (36) months of investing. The early redemption fee decreases on a linear basis over thirty six (36) months of investing from three per cent. (3%) to zero per cent. (0%).

Fees, costs and expenses borne by the Fund

Management fee

For managing the Fund, the Fund Manager will receive a fixed annual management fee which is a percentage of the Fund's Net Asset Value. The management fee will be calculated bi-monthly on the basis of the Net Asset Value of the Fund, to be paid monthly in arrears.

The following Management Fee percentages are applied per Class:

General Class	:	1.50%
Institutional Class A	:	1.20%
Institutional Class B	:	1.10%
Institutional Class C	:	1.00%
Institutional Class D	:	0.90%

The Fund Manager is authorized to adjust the rates of Management Fee to changing market and/or to changed circumstances. In the event of an increase this will enter into force three months after the change was announced via the email address of the Unitholders. During this period, Unitholders can exit under the usual conditions.

Performance fee

For managing the Fund, the Fund Manager is entitled to a performance fee amounting to the Fund's increase in Net Asset Value per month. The fee will be calculated bi-monthly on the basis of the Net Asset Value of the Fund and will be crystallized and paid quarterly (except for the possible realized performance fee in respect of Units that redeem, which shall be realized per the moment of redemption).

The following Performance Fee percentages are applied per Class:

Class	Performance Fee
General Class	: 20%, no hurdle
Institutional Class A	: 20%, no hurdle
Institutional Class B	: 20% above 4% annual hurdle
Institutional Class C	: 20% above 5% annual hurdle
Institutional Class D	: 20% above 6% annual hurdle

The calculated performance fee will not be due, in case the Net Asset Value per Series on the date on which the calculation is made is lower than the relevant high watermark. A hurdle rate will also apply at the calculation of the performance fee. The annual hurdle rate per Class described above will be based on their quarterly equivalent. An explanation of the calculation of the Performance Fee is included in [Schedule 2](#). An example of the manner in which the high watermark is calculated is included in [Schedule 3](#). The Fund applies a 24 months (or 8 quarters) rolling high watermark.

In view of the above, performance fees (and reservations made in respect thereof) may differ depending on the moment an investor has invested in the Fund. In order to prevent these inequities, different Series are issued. Specific Series may be converted into other Series if the inequities for performance fee in relation to the historic high watermark calculation have been balanced out. A reservation for the performance fee is made in the calculation of the Net Asset Value of the respective Series.

The accrued performance fee will be realized on Units that are being redeemed throughout the quarter. If a Unitholder redeems and if at that time a performance fee has been accrued on those Units, the performance

fee will be paid to the Fund Manager right after redemption. Consequently, the reserved performance fee on those Units that have been redeemed does not stay in the Fund as an accrual for the remaining investors.

The Fund Manager is authorized to adjust the rates of the Performance Fee to changing market and/or to changed circumstances. In the event of an increase this will enter into force three months after the change was announced via the email address of the Unitholders. During this period, Unitholders can exit under the usual conditions.

Organizational Expenses

The Fund Manager shall charge the organisational and establishment costs (other than the costs otherwise described in this Prospectus) to the Fund Assets. Expenses in connection with the establishment of the Fund (insofar not already amortised on the date of this Prospectus) and organisational costs of the Fund, will be paid out of the Fund Assets, including (but not limited to) legal, accounting and tax advisory fees, incorporation expenses, travel costs and transition costs incurred in relation to the assignment of Privium Fund Management B.V. as the replacement fund manager of the Fund and the assignment of Circle Investment Support Services B.V. as the replacement administrator of the Fund. These transition costs relate to onboarding, legal and regulatory costs.

Expenses in connection with the establishment of the Fund have been fully amortised on the date of this Prospectus. Transition costs are estimated at forty-five thousand Euros (EUR 45,000) (excluding VAT), which shall be activated and written off over a period of five (5) years. Transition costs are subject to a maximum of seventy-five thousand Euros (EUR 75,000) (excluding VAT). Any costs in excess of this maximum shall be borne by the Fund Manager. The transition costs relate to onboarding, legal and regulatory costs.

Thereafter, an annual fee equal to zero point zero four per cent. (0.04%) of the Net Asset Value of the Fund as of the last calendar day of each month shall apply. Depositary Fee

The Fund will pay to the Depositary in remuneration of its service to the Fund, limited to AIFMD depositary duties, an annual fee equal to zero point zero one four per cent. 3. all expenses connected with communication with Unitholders and meetings of Unitholders; and any other organizational and operating expenses and fees;
4. all direct regulatory expenses including those related to the AFM and DNB, and all indirect costs related to regulation including compliance and risk management as required by the AFM; and
5. all operating expenses that directly or indirectly support the fund structure, governance, compliance, and supervision.

Transaction fees

Any transaction fee charged when securities are bought will be deemed to constitute part of the purchase price. Any transaction fee charged when securities are sold will be deducted from the proceeds of the sale. It is expected that the transaction fees of the Fund will be zero point zero three per cent. (0.03%) of the Net Asset Value per annum when the Fund size is EUR 75 million.

Fee, costs and expenses borne by the Fund Manager

The Fund Manager will bear any and all expenditure not associated with the Fund's investments. This will include the cost of:

The Fund Manager has no intention to publish details about the investment portfolio. The annual accounts shall be drawn up in accordance with the applicable provisions of Title 9 of Book 2 of the Civil Code.

The annual accounts are audited by the Auditor. The financial statements shall be made available to the Unitholders via email. The Auditor's report shall be added to the annual accounts. The annual accounts are available for Unitholders free of charge at the offices of the Fund Manager.

18. TAX-RELATED MATTERS

General

A general description follows of the tax implications of investing in the Fund. This Section 18 tax is only intended to provide general information and is limited to the matters below. In this respect no attempt has been made to be comprehensive. No conclusions regarding subjects not specifically mentioned can be drawn from the text below. The text does not constitute advice about anyone's personal situation. There is no intent to present all possible tax implications that investing in the Fund may have. Prospective Unitholders are therefore advised to discuss the tax implications for their particular circumstances with their own tax consultant.

The Fund qualifies as a transparent or "closed" fund for joint account for Dutch tax purposes, since, Units can only be transferred to the Fund itself and Units can only be redeemed by the Fund.

Corporate income tax

The Fund is tax transparent for Dutch corporate tax purposes, as a consequence of which the Fund is not subject to Dutch corporate income tax. From a Dutch tax perspective, the returns on the investments received by the Fund directly influence the tax position of the Unitholder.

Withholding Taxes

Distributions by the Fund are not subject to Dutch dividend withholding tax as a consequence of its transparency for tax purposes. Due to its transparency, the Fund itself is not entitled to any credit or refund of Dutch dividend withholding tax or (non-reclaimable) foreign withholding taxes withheld on dividends and interest received, nor can the Fund claim any benefits under a tax treaty concluded by the Netherlands with other states.

The tax transparency of the Fund also implies that any dividend withholding tax and foreign withholding taxes withheld on its investments are allocated to the Unitholders, i.e., on a *pro rata* basis. In principle, such withholding taxes may be set off by the Unitholders, whereby the conditions that apply are the same as would be the case for a direct investment (*pro rata*) by the relevant Unitholder.

Unitholders are advised to consult their own tax consultant in relation to the possibility of setting off or obtaining a refund of dividend and/or withholding tax withheld in respect of dividends received by the Fund.

Tax reporting

The U.S. Foreign Account Tax Compliance Act

Under FATCA, the United States will impose a withholding tax of thirty per cent. (30%) on certain United States-sourced gross amounts not effectively connected with a United States trade or business paid to certain "Foreign Financial Institutions", including the Fund, unless some information reporting requirements are complied with.

The Fund will use reasonable efforts to satisfy any obligations imposed on it in order to avoid the imposition of this withholding tax (except with respect to the interest of "recalcitrant account holders" as described in §1.1471-5(g)(2) of FATCA). A fund's ability to satisfy its obligations under an agreement with the IRS will depend

on each participant of such fund providing the fund with any information, including information concerning the direct or indirect owners of such participant, that the fund determines is necessary to satisfy such obligations. Any such information provided to a fund will be shared either with the local tax authority or the IRS, depending on the Model of the Intergovernmental Agreement. An investment fund that is classified as subject to FATCA requirements will be required to register with the IRS and obtain a Global Intermediary Identification Number (GIIN) and agree to have policies and procedures in place to identify certain direct and indirect U.S. account holders or equity holders. For these purposes the Fund would fall within the definition of a foreign financial institution (FFI) for the purpose of FATCA.

Each prospective Unitholder agrees by signing the Subscription Form to provide such information upon request from the Fund Manager or the Administrator. If a fund fails to satisfy such obligations or if a participant of a fund fails to provide the necessary information to such fund, as applicable, payments of U.S. source income and payments of proceeds will generally be subject to a thirty per cent. (30%) withholding tax.

The Fund may exercise its right to completely redeem a participant that fails to provide the Fund or the Administrator with the requested information in order for the Fund to satisfy its FATCA obligations, and the Fund may take any other action deemed necessary in relation to a participant's shares or redemption proceeds to ensure that such withholding is eventually borne by the relevant participant whose failure to provide the necessary information gave rise to the withholding tax. Each prospective Unitholder in the Fund should consult their own tax advisor regarding the requirements under FATCA with respect to their own situation.

The Fund will endeavour to satisfy the requirements imposed on the Fund by FATCA to avoid the imposition of FATCA withholding tax. However, there can be no guarantee or assurance that the Fund will comply with all the requirements imposed by FATCA. In the event that the Fund is not able to comply with the requirements imposed by FATCA and the Fund does suffer US withholding tax on its investments as a result of non-compliance, the Net Asset Value may be affected and the Fund may suffer loss as a result.

The Common Reporting Standard

The Netherlands is one of multiple jurisdictions which have agreed to the automatic exchange of financial account information on the basis of the standard published by the Organisation for Economic Co-operation and Development ("**CRS**"). Financial institutions resident in jurisdictions which have agreed to the CRS, should report certain account holder information to their local tax authorities who will then exchange such information with countries where account holders are tax residents. It can provide timely information on non-compliance where tax has been evaded, particularly where tax administrations have had no previous indications of non-compliance.

For the purposes of efficiency, the CRS was deliberately built on the framework of FATCA and replicates many of its principles, although there is no withholding tax regime or requirement for reporting financial institutions to register with Foreign Tax Authorities (as defined below). Furthermore, certain CRS client classification, due-diligence and reporting requirements differ from or are more expansive to those deriving from FATCA. Further inter-governmental agreements will therefore be entered into with other third countries by the Dutch government from time to time to enable reporting to such third countries' tax authorities ("**Foreign Tax Authorities**") as provided in the CRS.

By investing or continuing to invest in the Fund, Unitholders shall be deemed to acknowledge that:

1. the Fund is considered to (i) be a reporting financial institution under the CRS and the Fund (or its agent) will be required to disclose to the competent tax authority of the Netherlands certain confidential information in relation to the Unitholder, including but not limited to the Unitholder's name, address, tax identification number (if any), social security number (if any) and certain information relating to the Unitholder's investment;
2. the competent tax authority of the Netherlands will be required to automatically exchange information as outlined above with the Foreign Tax Authorities;

3. the Fund (or its agent) will be required to disclose to the Foreign Tax Authorities certain confidential information when registering with such authorities and if such authorities contact the Fund (or its agent directly) with further enquiries;
4. the Fund may require the Unitholder to provide additional information and/or documentation which the Fund will be required to disclose to the competent tax authority of the Netherlands;
5. in the event a Unitholder does not provide the requested information and/or documentation, whether or not that actually leads to breach of the applicable laws and regulations by the Fund, a risk for the Fund or the Unitholders being subject to withholding tax or penalties under the relevant legislative or inter-governmental regimes, the Fund reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, mandatory redemption or withdrawal of the Unitholder concerned;
6. no Unitholder affected by any such action or remedy shall have any claim against the Fund (or its agent, including the Administrator) for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Fund in order to comply with the CRS, any further inter-governmental agreements or any of the laws and regulations related to the CRS; and
7. all information to be reported under CRS will be treated as confidential and such information shall not be disclosed to any persons other than the competent tax authority of the Netherlands and the Foreign Tax Authorities or as otherwise required by law.

Unitholders should ensure that their tax affairs are compliant with the laws and regulations applicable in their jurisdiction(s) of residence and/or citizenship (as applicable).

19. OTHER INFORMATION

Conflicts of interests

It is the Fund Manager's policy to avoid any conflicts of interest as much as possible. Where a conflict is inevitable which may have a negative impact on the Fund or the Unitholders, the Fund Manager uses its best efforts to mitigate and manage the conflict in the best possible way for whereby the interests of the Fund and the Unitholders prevail. A conflict which cannot be mitigated fully, will be disclosed to the Unitholders.

The Fund Manager has outsourced certain tasks to the Administrator. No conflicts of interests are expected to arise from such delegation, as the Administrator is not linked with the Fund Manager.

The Fund Manager will provide the Unitholder with the relevant information that the Unitholder may request in accordance with the provisions of the GDPR.

Amendment of Prospectus and Terms and Conditions

The Terms and Conditions and this Prospectus may be amended pursuant to a joint resolution of the Legal Owner and the Fund Manager. Any amendment which has the effect of causing a reduction in Unitholders' rights or security or imposing costs or liabilities on them can only come into effect one month after notice of the proposed amendment has been given to the Unitholders and by posting it on the Website. During this one-(1) month term the Unitholders can liquidate their investments in the Fund subject to the normal terms and conditions. The Fund Manager will notify the Unitholders in writing of any amendment that has been approved.

Amsterdam, February 2021

Privium Fund Management B.V.

SCHEDULE 1 - TERMS AND CONDITIONS OF MANAGEMENT AND CUSTODY

1. Definitions

- 1.1. In these Terms and Conditions, except where terms are expressly defined herein, capitalized terms shall have the same meaning given to them in Section 2 (*Definitions*) of the prospectus of Knight Tech Fund.
- 1.2. Reference in these Terms and Conditions to any law, statute or statutory instrument or governmental regulation shall be deemed to include any modification, amendment, extension or re-enactment thereof.
- 1.3. References in these Terms and Conditions to "persons" are references to companies, corporations, unincorporated associations, partnerships, all other (corporate) entities (*rechtspersonen*) as well as individuals and natural persons (*natuurlijke personen*).
- 1.4. In these Terms and Conditions, the masculine shall include the feminine and the neuter and the singular shall include the plural and vice versa as the context shall admit or require.
- 1.5. In these Terms and Conditions, the headings used are for ease of reference only and shall not be deemed to form any part of these Terms and Conditions.

2. Name and duration

- 2.1. The Fund bears the name "Knight Tech Fund" and is a fund for joint account (*fonds voor gemene rekening*) organized and existing under the laws of the Netherlands and an investment fund (*beleggingsfonds*) as referred to in article 1:1 FSA.
- 2.2. The Fund is formed for an indefinite period of time.

3. Nature, purpose and fiscal status

- 3.1. The Fund is under Dutch law not a legal entity nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma or commanditaire vennootschap*), but a contractual arrangement sui generis between the Fund Manager, the Legal Owner and each of the Unitholders separately, governing the assets and liabilities acquired or assumed by the Fund Manager or the Legal Owner for the account and risk of the Unitholders. These Terms and Conditions form part of the contractual relationship existing between the Fund Manager, the Legal Owner and each Unitholder (separately) originating from the execution of the Unitholder's Subscription Form.
- 3.2. Assets belonging to the Fund are invested collectively in accordance with an Investment Policy specified by the Fund Manager, for the purpose of enabling the Unitholders to share in the revenues from the Fund's investments.
- 3.3. The Fund qualifies as a transparent or "closed" fund for joint account Dutch tax purposes. Except for Permitted Transfers, Units can only be transferred to the Fund itself (redeemed). As a transparent or "closed" fund for joint account for Dutch tax purposes, the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Unitholders and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund's results are directly allocated to the individual Unitholders in accordance with the size (and, if applicable, the duration) of their pro rata investment.
- 3.4. These Terms and Conditions do not form an agreement between any or all Unitholders among themselves and are not (otherwise) aimed at any cooperation among or between any or all Unitholders and no provision of these Terms and Conditions shall constitute or be interpreted as constituting any right or

obligation existing between any or all Unitholders vis-à-vis each other or as a cooperation agreement (*samenwerkingsovereenkomst*) between the Fund Manager, the Legal Owner and any of the Unitholders.

- 3.5. A Unitholder's obligation to pay a consideration for Units is a commitment (*verbintenis*) to the Legal Owner (represented by the Fund Manager) only. This commitment is no contribution (*inbreng*) or commitment to make contribution to any partnership.

4. Investment Objective, Investment Policy and Investment Restrictions

- 4.1 The Fund's objective is to achieve capital growth through the long-term equity ownership of several listed businesses.
- 4.1.1 To achieve this objective, the investment policy of the Fund is to predominantly invest in a concentrated portfolio of listed equity instruments issued by public companies around the world which meet the Investment Criteria. The portfolio will be managed actively subject to the Fund's performance and risk objectives and the Investment Restrictions.
- 4.2. The Fund may invest up to 20% of the Net Asset Value into unlisted equity positions. This is calculated with reference to the cost price of the shares when acquired. Investments in Special Purpose Vehicles (SPV) may be used to make an investment in an unlisted company.
- 4.3. If the Fund holds investments denominated in currencies other than the Euro, this entails a foreign exchange risk. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Fund.
- 4.4. The Fund Assets may be pledged to the Custodian to borrow against the Fund Assets, only for bridge financing purposes and limited to twenty per cent. (20%) of the assets managed. The Fund Manager is not allowed to lend any of the Fund Assets to a third party.

5. Legal Owner

- 5.1. All Fund Assets shall be legally owned by and will be administered in the name of the Legal Owner. All Fund Obligations shall be assumed by the Legal Owner as debtor. The Legal Owner shall acquire and hold the Fund Assets for the purpose of management and custody (*ten titel van beheer en bewaring*) for the account and risk of the Unitholders and will receive any income and proceeds on or originating from Fund Assets paid to it by a custodian or the underlying obligor in a capacity of agent, nominee or otherwise on behalf and for the benefit of the Unitholders. The Legal Owner shall assume the Fund Obligations in its own name for the account and risk of the Unitholders, as qualified by these Terms and Conditions.
- 5.2. All assets that are or will be part of the Fund are or will be obtained by the Legal Owner for the latter to hold on behalf of the Unitholders. The Legal Owner acts in so doing exclusively in the interests of the Unitholders. The Legal Owner shall only dispose of the Fund Assets held by it in custody with the cooperation of the Fund Manager. For this purpose, the Legal Owner hereby grants a power of attorney to the Fund Manager, with full powers of substitution, to perform all custody and asset management activities pursuant to the Terms and Conditions.
- 5.3. Obligations that are or will be incumbent upon the Fund are or will be entered into in the name of the Legal Owner, whereby it will be expressly mentioned that the Legal Owner is acting in its capacity of Legal Owner of the Fund. In acting as Legal Owner of the Fund, the Legal Owner shall act solely in the interests of the Unitholders. The Legal Owner may not represent the Unitholders.
- 5.4. The Legal Owner is only liable to the Unitholders for damage suffered by Unitholders if and insofar as that damage is the consequence of breach of its duties and responsibilities under the Prospectus and/or the Terms and Conditions that is attributable to it (*toerekenbare tekortkoming in de nakoming*).

- 5.5. The Unitholders unconditionally and irrevocably renounce their right to make any claims to assets held by the Legal Owner on behalf of other funds, under the suspensory condition that the Unitholders of all other funds held or that will be held by the Legal Owner unconditionally and irrevocably renounce their right to make any claims to assets held by the Fund, as can be seen from the written confirmation.
- 5.6. The Legal Owner is entitled to an annual fee from the Fund as described in the Prospectus.
- 5.7. The Legal Owner is authorized to delegate its tasks under these Terms and Conditions to third parties.

6. Management and investments

- 6.1. The Fund Manager is responsible for managing the Fund, including investing the Fund Assets, entering into obligations incumbent upon the Fund, administering the Fund and undertaking all other transactions for the benefit of the Fund, all in accordance with these Terms and Conditions.
- 6.2. In the performance of its obligations and in the exercise of its rights, powers and authorities hereunder, the Fund Manager shall exercise the standard of care, skill, prudence and diligence under the circumstances then prevailing that a prudent (*zorgvuldig*) person acting in a like capacity and familiar with such matters would use in the conduct of managing an investment fund of like character, risk profile and Fund Objectives as the Fund, having regard to the provisions hereof.
- 6.3. The Fund Manager shall act exclusively in the interests of the Unitholders in this respect. The management and administration of the Fund shall be performed for the account and risk of the Unitholders. Benefits and/or losses resulting therefrom shall consequently be for the benefit of or be borne by the Unitholders, without prejudice to the provisions of Article 7.2.
- 6.4. The Fund Manager is only liable to the Unitholders for any damage suffered thereby insofar as that damage is the consequence of breach of its duties and responsibilities under the Prospectus and/or the Terms and Conditions that is attributable to it (*toerekenbare tekortkoming in de nakoming*) if and to the extent that such loss is determined by court order or final adjudication to be directly caused by the breach of the Fund Manager. The Fund Manager shall not be liable towards the Unitholders for any loss suffered by any Unitholder as a result of any act or omission of a third party or as a result of any act or omission by the Fund Manager arising from the Fund Manager's reliance upon any representation or warranty by an Unitholder.
- 6.5. The Fund Manager is entitled to the Management Fee and (if applicable) the Performance Fee. Any changes to the Management Fee and/or the Performance Fee are subject to prior approval of the Fund Manager and the Legal Owner.
- 6.6. The Fund Manager is in possession of an AFM license as referred to in article 2:65(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.
- 6.7. The Fund Manager may contract other third parties in the exercise of its powers and duties under these Terms and Conditions and shall exercise reasonable prudence (*zorgvuldigheid*) in the selection of such third parties.
- 6.8. Subject to the Investment Objective, the Investment Policy, the Investment Restrictions and this Article 6, the Fund Manager may invest in any eligible assets and assume eligible obligations. The determination of the Fund Manager as to whether or not the assets and obligations are of a type which may be acquired or held by or on behalf of the Fund in view of the Fund Objective, Investment Policy and Investment Restrictions shall be conclusive.
- 6.9. It is the intention that subject only to the Investment Policy and the Investment Restrictions and the specific restrictions mentioned herein, the Fund Manager shall have the broadest power and authority in making investments consistent with the investment powers herein provided. The Fund Manager shall have sole

discretionary power to retain for as long a period as it shall think proper and to manage, convert, exchange, transfer and dispose of the Fund Assets and Fund Obligations. The Fund Manager shall have and may exercise every right and privilege pertaining to management provided that the exercise of such right or privilege is consistent with these Terms and Conditions.

7. Rights and obligations of Unitholders

- 7.1. The Unitholders have financial entitlement to the Fund in proportion to the number of Units they hold. Without prejudice to Article 7.2, all the profits and losses associated with the Fund are to the benefit or detriment of the Unitholders proportionately as mentioned in the previous sentence.
- 7.2. The liability of a Unitholder vis-à-vis the Fund will be limited to the amount they paid into the Fund in return for the Units they hold, but notwithstanding its liability by virtue of the law and these Terms and Conditions for its default on any of its obligations under these Terms and Conditions and its Subscription Form. The Unitholders shall not be liable for the Fund Manager's obligations, the Legal Owner's obligations or the Fund Obligations.
- 7.3. Each Unitholder shall be bound by and subject to these Terms and Conditions by submitting a signed Subscription Form to the Fund Manager. Each Unitholder will be provided with a copy of these Terms and Conditions.

8. Units, Classes and Register

- 8.1. Each Unitholder shall, subject to the provisions of these Terms and Conditions, be beneficially entitled to the Fund Assets and Fund Obligations allocable to the Series of Class of Units it holds, and any income generated thereon pro rata the number of its Units in each Series.
- 8.2. Units represent the entitlement to the assets managed by the Fund Manager in accordance with the Investment Policy. The Units are nominal. The Fund does not issue Unit certificates.
- 8.3. The Fund shall have five (5) classes of Units: (i) General Class ; (ii) Institutional Class A; (iii) Institutional Class B; (iv) Institutional Class C; and (v) Institutional Class D. The Classes shall be (solely) issued based on the Total Subscription Amount. The Classes differ in respect of certain key terms (fee levels) as specified in the Prospectus. Units of different Classes shall be issued in Series, a separate Series on each subscription date. All Classes provide exposure to the same Investment Objective and Investment Policy. Units of different Classes are issued in Series to enable the computation of the Performance Fee, which may have different calculation starting moments due to the fact that Units may be issued on different moments in time. The first Series is considered a lead Series. Units in a Series in which the Net Asset Value per Unit is higher than for a Unit in the lead Series may be converted by the Fund Manager at its sole discretion into Units in the lead Series from time to time. The conversion takes place at the Net Asset Values of the relevant Series and of the lead Series.
- 8.4. The Fund Manager keeps the Register in electronic or other form to be specified by the Fund Manager The number of Units and the Class and the Series held by a Unitholder and the relevant subscription date will be accurately calculated up to four decimal points. A Unitholder shall inform the Legal Owner promptly concerning any changes to the registered information. Payment of money subject to these conditions by the Fund to the bank account listed in the register relieves the Fund of its obligation thereto and the Unitholder discharges the Fund in advance from its obligation thereby.
- 8.5. The Register will be updated by the Fund Manager after each issue and redemption of Units.
- 8.6. A Unitholder may ask the Fund Manager for a dated copy of the Register, though only with regard to its own registration.

- 8.7. The Fund Manager may provide information included in the Register to tax, regulatory or other authorities if, in the Fund Manager's reasonable opinion, this is required, necessary, conducive to or in the interest of the Legal Owner, the Fund or any of the Unitholders, including but not limited for the application of tax treaties between the jurisdiction of source of any income or gain and the jurisdiction of residence of a Unitholder respectively the Netherlands. Each Unitholder shall at the written request of the Fund Manager provide the Fund Manager with such information and documentation as the Fund Manager may in all reasonableness require from the Unitholder in support of the Fund Manager's duty and right referred to in the preceding sentence.

9. Determination of the Net Asset Value

- 9.1. The Fund Manager determines the Net Asset Value of the Fund's Units on the Business Days as specified in the Prospectus.
- 9.2. The Fund Manager may decide to suspend determination of the Net Asset Value if the circumstances prevent (adequate) determination thereof, as described in the Prospectus.
- 9.3. The Fund Manager will not determine the value of the Fund and the value of a Unit if it has been decided to dissolve the Fund.
- 9.4. The value of the component assets of the Fund and the results will be determined in accordance with the valuation methods mentioned in the Prospectus.
- 9.5. The number of redeemed Units will not be taken into consideration for determining the value of a Unit.

10. Allocation of Units

- 10.1. The Fund Manager may at its sole discretion, but notwithstanding the further provisions of these Terms and Conditions, resolve to issue new Units at the request of a new or existing Unitholder set forth in a Subscription Form or decide to temporarily discontinue or indefinitely stop the issuance of Units
- 10.2. The price of issuance of a Unit shall be equal to the Subscription Price. The Fund Manager shall determine the Total Subscription Amount due by the subscriber and the further conditions of the issuance.
- 10.3. In the Subscription Form as completed by a subscribing investor shall *inter alia* be set forth the Total Subscription Amount for which the subscriber requests issuance of Units. The Fund Manager may at its sole discretion resolve to refuse or to only partly accept a subscription for Units.
- 10.4. Allocation of Units will only take place on Business Days as specified in the Prospectus. A Subscription Form must reach the Fund Manager and the Administrator no later than five (5) Business Days prior to the desired Transaction Date. A Subscription Form must mention the amount in Euros for which such allocation is being requested. Payment of the Total Subscription Amount must be received in Euros in the account of the Legal Owner at the latest on the second (2nd) Business Day prior to the relevant Transaction Date.
- 10.5. The Fund Manager may set further conditions in the Prospectus for allocating Units. Units will only be allocated if the amount for which allocation is being requested is added to the Fund within the period set by the Fund Manager. The number of Units to be issued will be calculated by dividing the Total Subscription Amount by the NAV per Unit as per the last Business Day preceding the Transaction Date. Unless instructed otherwise by the (prospective) Unitholder, the transaction will be carried out – if the amount and/or the request for allocation of Units is not received by the requisite deadline – by the next Transaction Date on which allocation is possible. The Fund will not pay any interest to (prospective) Unitholders for any sums received.
- 10.6. In the circumstance mentioned in the Prospectus and in the case that, exclusively in the opinion of the Fund Manager, a particular circumstance arises that so justifies, the Fund Manager may suspend the allocation of Units.

10.7. The Fund Manager shall inform the (prospective) Unitholders of the decision to suspend allocation as mentioned in Article 10.6 within a reasonable period of time.

10.8. Units will be allocated by inscription in the Register by the Fund Manager.

11. Transfer of Units

11.1. Except for Permitted Transfers: (i) Units are not transferable except by way of redemption in accordance with Article 12; and (ii) a Unitholder cannot sell, donate, exchange, assign, transfer or encumbrance any of such Unitholder's Units.

11.2. Any transfer, assignment or encumbrance of Units in violation of this Article 11 shall be null and void. If Units belong to a community of property, the joint proprietors may only be represented to the Fund Manager, the Legal Owner by one person appointed by them for this purpose in writing.

12. Redemption of Units

12.1. Unitholders may have their Units redeemed by the Fund. A redemption notice must reach the Fund Manager and the Administrator no later than twenty (20) Business Days before the desired Transaction Date. In the redemption notice as completed by a Unitholder shall *inter alia* be set forth the total redemption amount for which the Unitholder requests redemption of Units or the number of the Units to be redeemed and the Class and Series of the Units to be redeemed. A request for the redemption of Units can be made in Euro or in Units specified up to four decimal places.

12.2. The Fund Manager may set further conditions for redemption or suspend redemption as set forth in the Prospectus. The redemption amount for a Unit to be redeemed is equal to the Net Asset Value of the Unit at the end of the Business Day preceding that on which redemption takes place, minus a possible redemption charge of maximum three per cent (3%).

12.3. The Fund Manager shall pay the redemption amount reflected in Article 12.2 within ten (10) Business Days after the date on which the relevant Net Asset Value was calculated. Payment of the redemption amount takes place by transfer to the Unitholder's bank account recorded in the Register.

12.4. Articles 10.5, 10.6, 10.7 and 10.8 are applicable mutatis mutandis to the redemption of Units.

12.5. Requests for redemption may be refused in case anti-money laundering verification procedures so require.

12.6. Any and all Units that are redeemed shall not be held by the Legal Owner or the Fund Manager but shall be automatically cancelled.

13. Mandatory redemption of Units

13.1. The Fund Manager and the Legal Owner shall be entitled to redeem all (but not part of) the Units of any Unitholder if:

13.1.1. the Unitholder is dissolved, becomes insolvent, is unable to pay its debts, institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy, any other relief under any bankruptcy, insolvency or similar law;

13.1.2. in the Fund Manager's reasonable opinion the tax position of the Legal Owner, the Fund or any of the other Unitholders is or will become negatively affected due to the tax status or position or any change therein of the relevant Unitholder or any other circumstance concerning such Unitholder; or

13.1.3. for whatever reason, the continuation of the relationship cannot reasonably be expected from the Fund Manager and/or Legal Owner.

- 13.2. Each Unitholder agrees that it shall immediately notify the Fund Manager if any status, position or change therein as referred to in Article 13.1.1 occurs in its respect or if it becomes aware of circumstances in all reasonableness qualifying as circumstances as referred to in Article 13.1.2 or Article 13.1.3 in its respect.
- 13.3. Upon redemption of Units in accordance with the provisions of Article 13.1, the Unitholder will be entitled to receive a redemption amount determined by the Fund Manager on the basis of the most recent determined Net Asset Value.
- 13.4. Immediately upon completion of the redemption of Units, the Fund Manager shall procure that the necessary amendments are made to the Register.

14. Fees and expenses

- 14.1. The following fees, costs and expenses shall be borne by the Fund:

 - 14.1.5. all transaction costs, i.e. all costs related to the sourcing, evaluating, making, holding or disposing of investments, including, but not limited to, brokerage fees, advisors' fees, (other) transaction costs and expenses, due diligence costs and taxes, and indirect costs incurred when investing in a fund or investment vehicle;
 - 14.1.6. all taxes and governmental charges levied against the Fund or its income or assets, including but not limited to irrecoverable VAT payable by the Fund Manager in respect of services provided to it and falling within the scope of this Article 14.1; and
 - 14.1.7. all fees in connection with the compliance by the Fund and the Fund Manager in its capacity of the manager of the Fund with the AIFMD related legislation.
- 14.2. To the extent that the Fund Manager pays or otherwise bears any costs or expenses on behalf of the Fund that are pursuant to Article 14.1 to be borne by the Fund, the Fund shall reimburse the Fund Manager for the same.
- 14.3. Costs, fees and expenses that are not explicitly assumed by the Fund pursuant to Article 14.1 shall not be borne by the Fund. For the avoidance of doubt, the Fund shall not bear the cost of remunerating any employee of the Fund Manager or any of its Affiliates or any office rental, utilities or office equipment or other overhead or travel costs of any of their respective personnel, it being acknowledged that the Management Fee is intended to compensate the Fund Manager for such costs.

15. Valuation principles

- 15.1. The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator. The Net Asset Value of the Fund, the Net Asset Value per Series and the Net Asset Value per Unit in Euro will be calculated by the Administrator and determined by the Fund Manager on the last Business Day prior to the first (1st) and the fifteenth (15th) day of each calendar month or, if such day is not a Business Day, the following Business Day. Calculations will be based on the closing market prices on the Valuation Day. The Net Asset Value of the Fund and the Net Asset Value per Unit will be communicated to Unitholders every month.

- 15.2. The assets of the Fund will be valued in accordance with Dutch GAAP and, where more specific, the following valuation methods:
- 15.2.1. any security which is listed or quoted on any securities exchange or similar electronic system and regularly traded thereon will be valued at its last traded price on the relevant Business Day or, if no trades occurred on such day, at the closing bid price, as at the relevant Business Day, and as adjusted in such manner as the Administrator, in its sole discretion, thinks fit, having regard to the size of the holding; where prices are available on more than one exchange or system for a particular security the price will be the last traded price or closing bid or offer price, as the case may be, on the exchange which constitutes the main market for such security or the one which the Administrator in its sole discretion determine provides the fairest criteria in ascribing a value to such security;
 - 15.2.2. investments, other than securities, which are dealt in or traded through a clearing firm or an exchange or through a financial institution will be valued by reference to the most recent official settlement price quoted by that clearing house, exchange or financial institution; if there is no such price, then the average will be taken between the lowest offer price and the highest bid price at the close of business on any market on which such investments are or can be dealt in or traded, provided that where such investments are dealt in or traded on more than one market, the Administrator may determine at its discretion which market shall prevail;
 - 15.2.3. any security which is neither listed nor quoted on any securities exchange or similar electronic system or if, being so listed or quoted, is not regularly traded thereon or in respect of which no prices as described above are available, will be valued at its fair market value. Any cost price that will be used as fair market value will be based on the value of the recent funding round;
 - 15.2.4. investments, other than securities, which are not dealt in or traded through a clearing firm or an exchange or through a financial institution will be valued on the basis of the latest available valuation provided by the relevant counterparty;
 - 15.2.5. deposits will be valued at their cost-plus accrued interest;
 - 15.2.6. all other Fund Assets and Fund Obligations shall be valued on the basis of current fair value, subject to the most recent market quotations and customary valuation methods that apply for the relevant Fund Asset or Fund Obligation; and
 - 15.2.7. any value (whether of an investment or cash) otherwise than in Euros will be converted into Euros at the rate (whether official or otherwise) which the Administrator in its absolute discretion deems applicable as at close of business on the relevant Business Day, having regard, among other things, to any premium or discount which they considers may be relevant and to costs of exchange.
- 15.3. The valuation shall be performed in accordance with article 19 AIFMD.
- 15.4. In case of any errors in the calculation of the Net Asset Value, the Fund Manager will within three (3) Business Days prepare a report describing the errors that were made and the correction(s) which will need to be made to the Net Asset Value. If: (i) a correction is required of more than zero point five per cent. (0.5%) of the Net Asset Value, and (ii) the Unitholders or the Fund (i.e. the then present Unitholders) incurred losses by a subscription or redemption against the erroneously calculated Net Asset Value, the Fund Manager will provide compensation (in cash or in Units) for the relevant Unitholder and/or the Fund (i.e. the then present Unitholders) for the actual losses incurred, unless the error is not attributable to the Fund Manager, taking into account their liabilities as set out herein. In case the error is not attributable to the Fund Manager, the compensation will be paid out of the Fund Assets.

- 15.5. In case the Fund has (unjustifiably) profited from the situation reflected in Article 15.4, the Fund Manager may take recourse against the Fund for amounts paid by it to Unitholders up to the amount of such profit. Compensation may be provided in cash or in Units.
- 15.6. The Fund Manager may declare a suspension of the determination of the Net Asset Value for the whole or part of any period during which:
- 15.6.1. any exchange on which a substantial part of investments owned by the Fund are traded is closed, otherwise than for ordinary holidays, or dealings thereon are restricted or suspended;
 - 15.6.2. there exists any state of affairs which constitutes a state of emergency in any jurisdiction or region as a result of which the sale of the Fund's investments would, in the sole opinion of the Fund Manager, not be practical or impossible or would negatively affect the rights of Unitholders; or
 - 15.6.3. other circumstances prevent an (adequate) determination thereof.

16. Provision of information

- 16.1. The Fund Manager shall draw up an overview for the benefit of the Unitholder by the end of the calendar year, showing the number of Units and the value of the Units held by the Unitholder. The Fund Manager will send this overview to the (electronic) address of the Unitholder as listed in the Register or will inform the Unitholders in another manner of equal validity to be specified in the Prospectus. The Fund Manager may offer the Unitholders the option to provide them with more information if they so wish, and is authorized to charge them with the costs thereof and automatically to settle them with the Unitholder upon redemption of Units as specified in more detail in the Prospectus.
- 16.2. The Fund Manager shall provide Unitholders with a statement of details relevant for their tax returns.

This annual report consists of a report from the Fund Manager, together with the annual accounts. The annual accounts consist of the balance sheet, the profit and loss account and the explanation thereof. The Fund Manager will publish the annual report in the manner described in the Prospectus.
- 17.3. Every year, within nine (9) weeks from the end of the first (1st) half of the financial year, the Fund Manager will draw up a report on the first (1st) half of that financial year – the half-yearly report. The Fund Manager will publish the half-yearly report in the manner described in the Prospectus.
- 17.4. The annual report and half-yearly report will be made available for the Unitholders at the offices of the Fund Manager and may be requested there from.
- 17.5. The Fund Manager shall commission the Auditor to examine the annual accounts. The Auditor will provide the Fund Manager and Legal Owner with its report thereon and will describe the outcome of its examination in a declaration. The Auditor's declaration will be appended to the annual accounts.
- 17.6. The Fund Manager may entrust tasks to the Auditor or to another chartered accountant or expert considered by the law to be of equal standing.

18. Profits and distributions

- 18.1. The Fund's Net Proceeds will be added annually to the Fund's reserves unless the Fund Manager specifies otherwise.

- 18.2. The Fund Manager may make interim payments from the Fund. If the Fund Manager so decides, payments from the Net Proceeds will be claimable four (4) weeks after confirmation of the annual report, unless the meeting of Unitholders specifies another date at the proposal of the Fund Manager.
- 18.3. All distributions to Unitholders will be made pro rata to the numbers of Units held by each of them in each Series. Distributions of Net Proceeds will be made in cash, in Euro.
- 18.4. The distributions to Unitholders, the composition of the payments and the manner in which they will be paid out will be announced to the Unitholders.

- 19.1. The Fund Manager, the Legal Owner and unitholders holding, in total, at least twenty five per cent. (25%) of the outstanding Units, can call for a meeting of Unitholders.
- 19.2. The Fund Manager will be responsible for convening Unitholders' meetings and confirming the agenda for the meeting. The invitation to the meeting will be sent no later than on the fifteenth (15th) day before that of the meeting.
- 19.3. One or more Unitholders holding, in total, at least twenty five per cent. (25%) of the outstanding Units may request the Fund Manager to add matters for discussion to the agenda, provided the request is made in writing and reaches the Fund Manager no later than eight days before the meeting. The Fund Manager will apprise those to whom the invitation was made of these matters no later than five days before the meeting.
- 19.4. Unitholders' meetings will be held in the Netherlands at a place to be specified by the Fund Manager. If the instructions regarding the invitation and location of the meeting are not followed, decisions can nevertheless be made validly provided all the Unitholders are present or represented at the meeting and voting is unanimous.
- 19.5. If the Fund Manager considers this desirable in the interests of the Unitholders, the Fund Manager can call for an extraordinary meeting of Unitholders.
- 19.6. Unitholders' meetings will be chaired by a director of the Fund Manager. If several of the Fund Manager's directors are present, they will appoint one amongst them to chair the meeting. Meetings of Unitholders may be held by conference call unless a majority of the Unitholders in a specific case oppose against the holding of the meeting by conference call. Resolutions taken at such meeting need after the meeting to be confirmed in writing by the applicable majority of Unitholders in order to be valid.
- 19.8. A Unitholder may authorise (*volmachten*) another Unitholder or other person to attend a meeting of Unitholders (or participate in a meeting of Unitholders by telephone), to address the meeting and to vote at the meeting provided that the relevant power of attorney is validly set forth in a written document submitted prior to the meeting to the chairman of the meeting.
- 19.9. Each Unitholder may cast one (1) vote per Unit. Blank votes will be deemed not to have been cast. Unless these conditions specify otherwise, all decisions by the Unitholders' meeting will be taken with an absolute majority of the votes linked to all the Units represented at the meeting. Abstentions and invalid votes will be considered as not having been cast. If the vote is tied, the chairman of the meeting will have the deciding vote.
- 19.10. The chairman of the meeting shall specify the manner of voting. The Fund Manager or such other person designated by the chairman of the meeting shall record all votes taken during conference calls or at

meetings of Unitholders and maintain a copy of consents obtained in writing, by facsimile, or by e-mail. Detailed voting records should promptly be made available by the Fund Manager to any Unitholder upon request.

- 19.11. The Fund Manager, or such other person designated by the chairman of the meeting will keep minutes of the meetings of Unitholders. The draft minutes will be distributed to all Unitholders within thirty (30) days after the date of the meeting and submitted for approval at the next meeting of Unitholders.
- 19.12. The Unitholders may also adopt resolutions outside a meeting, or in a meeting for which notice was given less than fourteen (14) calendar days prior to the meeting date, in which case resolutions shall be adopted in writing, provided that the proposed resolutions are submitted to all Unitholders and none of them objects to the proposed manner of adopting resolutions.

Unitholders have the right to redeem their Units within this period following the date on which such notification has been disclosed.

23. Regulatory changes

- 23.1. The regulatory environment for investment funds continues to evolve. In the light hereof, during the existence of the Fund, additional and/or amended legislation and regulations affecting the Fund, the Fund Manager, the Depositary, the Legal Owner and the Administrator may come into force.
- 23.2. The Legal Owner and the Fund Manager may amend the Fund Documents if the Legal Owner and the Fund Manager reasonably determine that a regulatory change has a material adverse effect on the Fund and/or the Legal Owner and/or the Fund Manager, such that: (i) the material adverse effect of the applicable change is removed or mitigated; and (ii) the Fund shall bear its reasonable allocable portion of the costs in relation to the implementation of and compliance with the change (it being understood such allocation is in principle determined on the basis of the number of funds managed by the Fund Manager that fall within the scope of such change).

24. Dissolution and liquidation

- 24.1. A proposal to dissolve the Fund will be announced to the Unitholders by the Fund Manager. Without prejudice to Article 21.2, the Fund will be dissolved by decision of the Fund Manager and Legal Owner. The Unitholders concerned will be informed of such a decision.
- 24.2. If the Fund is to be dissolved, the Fund Manager will be responsible for liquidating the Fund. These Terms and Conditions shall remain in force as far as possible during the liquidation process.

The remainder of these Terms and Conditions shall not be affected thereby and shall remain in full force and effect and any such invalidity or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provisions in any other jurisdiction.

27.3. No failure to exercise and no delay in exercising on the part of any of the Unitholders any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise of any right, power or privilege preclude any other or further exercise thereof or the exercise of any other right, power or privilege. 28.2. The competent courts of Amsterdam and its appellate courts shall have exclusive jurisdiction to decide on a dispute between the parties arising from these Terms and Conditions.

SCHEDULE 2 - CALCULATION PERFORMANCE FEE

For the purpose of determining the Performance Fee, the NAV will be calculated as follows:

(The total value per Class and/or Series of the Fund at the end of the day before the NAV calculation date *minus* all reservations for costs applicable to that period including Management Fees) *divided by* the total number of outstanding Units in that Class and/or Series = the NAV excluding Performance Fee reservation

(the NAV excluding Performance Fee reservation *minus* the high watermark NAV) *times* (one (1) *minus* the applicable performance fee per Unit Class in %) *plus* the high watermark NAV¹ = the NAV

A = the total value per Class of the Fund at the end of the day before the NAV calculation date

B = all reservations for costs applicable to that period including Management Fees

C = the total number of outstanding Units in that Class

D = the NAV excluding Performance Fee reservation

E = D plus the applicable hurdle (annual hurdle divided by 24 to derive the bi-monthly hurdle) [if applicable to the Unit Class]

F = the highest of either the Unit issuance NAV or the high watermark NAV

G = one (1) *minus* the applicable performance fee per Unit Class in %

H = the NAV

$$(A - B)/C = D$$

$$((E - F) * G) + F = H$$

Performance Fees (and reservations made in respect thereof) may differ depending on the moment a Unitholder has invested in the Fund. In order to prevent these inequities, different Series can be issued. Specific Series may be converted into other Series if the inequities for Performance Fee in relation to the historic high watermark calculation have been balanced out. A reservation for the Performance Fee is made in the calculation of the Net Asset Value of the respective Series. Performance Fees may differ depending on the moment a Unitholder redeems from the Fund. A redemption from an investor may trigger a Performance Fee payment in case the Net Asset Value at redemption exceeds the high watermark.

For calculation purposes, because the Fund has a bi-monthly NAV, the applicable hurdle rate per NAV calculation (if applicable) will be 1/24th of the applicable annual hurdle rate.

The annual hurdle (if applicable) does not compound; such is always calculated on the NAV from the beginning of January of every year.

In case of a quarter in which the Fund's performance is negative, the Performance Fee will again start to accrue in the following quarter as soon as the high watermark is achieved. At that moment, the monthly hurdle is calculated the normal way starting with the applicable hurdle per month. The hurdle does not accrue from the moment the high watermark is achieved. This means that if during a rebound year the high watermark is reached, and the annual hurdle is already reached as measured since beginning of the year, the excess return above the high watermark shall be subject to the Performance Fee.

¹ See Schedule 3 (Explanation High Watermark Formula)

SCHEDULE 3 - EXPLANATION HIGH WATERMARK FORMULA

The Fund applies a twenty four (24) months (or eight (8) quarters) rolling high-watermark.

The twenty four (24) month rolling high-water mark means that the highest level of the NAV at the end of any quarter within the last eight quarters (i.e. until where Performance Fees have been paid or Units have been issued) will be the point until where no Performance Fees will be paid.
